

MORNING APPEAL

SUNDAY APRIL 15

L. P. Fisher, newspapers advertising agents, 21 Merchants' Exchange, San Francisco, is our authorized agent. This paper is kept on file in his office.

HOW IT IS MANAGED.

There are today a sufficient number of voters in the United States favoring silver remonetization to carry the measure by a fair majority.

So long as the voters can be kept in line with the old parties the shy locks of Wall street have nothing to fear from the Silver movement. It is when they cut loose from old party alliances that they become dangerous.

All Wall street asks for, is a chance to handle a Republican and Democratic Congress. The crack of the caucus whip brings enough in line to enable a fat sack to do the rest.

Every Republican and every Democrat all over the Union should bear in mind that while he votes for silver when he elects his congressman that his vote is nullified as soon as his man goes into his party caucus. In fact the caucus makes the very man he has elected to help silver, vote against it. There can be no independence of action by any man who keeps up his alliance with these old parties.

The party platform amounts to no more than the promise of a small ward politician who wants votes on election day.

Harrison repudiated the Silver plank in the Republican platform and Cleveland treated the Silver plank in his platform with absolute contempt. How then can any real friend of silver have the assurance to say that he thinks he can assist remonetization by clinging to old political beliefs? All men have a right to doubt either the sincerity or intelligence of a man like that. This question can only be solved by a breaking up of the two political organizations who have placed themselves in bondage to Wall street, and the formation of a party that fulfills Lincoln's idea, "of the people, by the people and for the people."

One half the money of the United States is owned by less than ten per cent of the population. Silver demonetization has been the means by which they have been able to make this enormous drain on the pockets of the many for the benefit of the few. When the many who have been robbed, realize the situation, there will be a political revolution and the two great parties who have assisted in this plunder of the masses, will go down to their graves.

Activity at Truckee.

The mill saws of the Truckee Lumber Company made welcome music in the air Monday morning, says the Republican, announcing the opening of the lumber season. Both sides of the mill are running and seventy thousand feet per day is being turned out. Nearly two million feet of logs are in the pond, and the Donner & Tahoe Railroad will be ready to push in 75,000 feet per day additional in a couple of weeks.

The company intend to saw ten million feet of lumber this year, which will be the largest cut made in twenty years. Full crews will be employed at the box factory during the summer, and the town will derive greater benefit from the Truckee Lumber Company than ever before since the palmy days of the Comstock.

He Found Out.

It has been frequently asserted by the goldbug papers and orators, not only in this, but in many other States, that the Populists were all Democrats before they joined the People's party. Down in Elk county Kansas, a Republican orator arose in an "experience meeting" and said: "I see a number of Populists present. Now I would like to know what you were before you joined the Populists?" A lank old farmer in the back arose and said, "We were all damned fools." The speaker fainting and fell back in it.
